Citizens of Vermont,

In order to secure to you the true Braudreth Vegetable Universal Pills, the sale of them in your Stale will be realter be conducted in the following manner. But one travelling agent, Mr. John O. Langley, will said the State where an therity is said. therity to set for me will be made manifes by his producing numerous certificate signed with a per by me, with my family arms embosed up on the paper, and a firstly executed view of my manufactory in New York State engraved there on. Local Agents by observing this need never be imposed upon by pedlars. Every local agent formished with the genuine pills will have one of those aforementioned certificates put up in his state. Observe that it is agreed with a pen, B Brandreth, M. D. and that my family arms are emboseed upon the paper. See that the date thereof is engraved. No certificate is any goars after that the bolder sells genuine pills after one. er forget to ask for this Certificate of Agency.

The aforementioned travelling agent will make

not holding my certificate of agency, profess to have the genuine Brandreths pills, believe them

pills. I am determined to expose and prosecute all infringements upon my just eights.

A list of my local ag nts in Vermont, will be published in most of the papers printed in that State, soon as prepared. Purchasers, buy of those agents only BENJAMIN BRANDRETH, M. O. 241 Broadway, N. V. Sole properator of Bran-dreth's Vegetable Universal Pills, in the United

States of America For Sale by WHITE, HENDERSON & Co., Rutland and Castleton IT. Tr.CD

New School Geography and Atlas, with Outline Maps and Gcographical Reader.

BY S. AUGUSTUS MITCHELL. THE author of the above works has been proraphy and the publishing of Maps during many years—and his former productions, especially his maps of the U. States, and late Map of the world for Academies &c. be r ample testimony of his abundant accources, up n which he has so liberally drawn, in producing the above school works. The following extract of the Geography and Atlas, is from a joint recommendation of the teach ers in the city of New York. "Their merits are numerous—the definitions remarkably plain and concise. The exercises are copious and important, and the descriptive department is luminous and correct. The divisions of the American conand correct. The divisions of the American continent, are represented and described as they really exist at the present time. And the gross misstatements generally found in school geographical execution is uncommonly neat and distinct, indeed the atlas is a model of the kind, and actually teems with information. The outline maps are peculiarly calculated to exercise the student in his study, and to fill up at his leisure. Of the Geographical Reader, the following is from the Rev. Mr Perkins, Chairman of Tru tees, Amberst Academy:—'The author has condensed a mighty mass of geographical information. What his book contains, years of reading would scarcely furnish. His style is flowing, terse and adapted to narrative and descriptive. No man can read to harrative and descriptive. No man can read to harrative and descriptive we say, "we speak that we do know," and testify of that which we have seen. Yours, "A., Pargnons & Britsanin, State Agents. Dr. Guo Tarton.

Extract of a Letter to Dr. Geo. Taylor, U. S. Agent of the British College of Health, London.

I N answer to your inquiries relative to the sale of Marison a vegetable universal medicine in

year from the engraved date thereof. Purchasers from year to year. In some countries the incr ase by observing this need never be imposed upon the second transfer by the need never be imposed upon the property of the need never be imposed upon the new business of that the need never he imposed upon the new part of the need never be imposed upon the new part of the need never be imposed upon the new part of the need never because the new part of the new part of the need never because the new part of the observing this need never be imposed upon was now but sure, in other countries, from cau-local or travelling traders who have no more ses we will explain below in Note A, the sales principle than to deal in counterfult medicine . - increased rapidly and are to this time sustained See the reading on the side of each box, and nevel by repeated and increasing calls, the fact that during a time of very great and rapid curtail-ment of all kinds of sales, and business for the The aforementioned travelling agent will make frequent calls upon local agents, formishing them from time to time with supplies of the Gennine Brandesth's Pills, from my principal New England affice, 19-Hamover Street-19 Hoston.

No pills will be sold from me to retail in Vermont but to local agents, therefore, should others not holding my certificate of agency, probes to

great, diseases pronounced incurable by good physicians yield to the curative powers of this first best Vegetable Medicine; and very many abandon the old bleeding, testuring process of being cured, (being killed it might with proprie ty be called) and comply with nature's plan viz jurging with vegetable med cine-, which in more carea han we could write out upon a ream of pa per, have been cared the last year in Vermont by this in dicine made by MORISON the Hy-

Satisfaction of Purchasers.

We never knew anything give better satisfac-tion than Morison's pills do. Very many have expressed their satisfaction to us personally some from a distance have done so by letter; and through the sub agents we learn that the satisfaction is general. We think we should be justified by the facts of the case to go on and speak this medicine as some do concerning less valua-ble medicines. But we are aware that Mr Mori-son, wishes and expects it to stand or fall by its own intrinsic worth and we do no not wish to be connected with an article that will not do so.— We feel confident that this medicine will continue to be used more and more, that it will be ap precisted and valued the more it is used. On confidence in it is founded upon the I nowledge we have of its effects upon those who have used it, in this town and throughout the state. used, to have the same confidence : the time was when we would not use the medicine; we did not then believe in continued purgation even by Vegetable medicines; we now know that pa-tients reduced to the last extremity of weakness and debility even, can take this medicine daily and debitity even, can take this medicine daily and still grow strong r In the language o scripture we say, 'we speak that we do know,' and testify of that which we have seen. Yours, "& , Panguons & Brinsmain, State Agents.

n the same neighborhood and sometimes in the same Louse, employed a physician and followed his prescriptions, soon died, and others were cured of searlet lever and thrown into soce othr fever mearly as bad, and so on into the concomption as is commonly the case. The agents aform us that the difference in the appearance of patients who used the Morison's pills was too striking to afferd room to doubt which of the two was the best physicians. PAB

FARM FOR SALE.

THE subscriber offers for sale his Farm lying The succenter opers for size his Farm lying on the stage road leading from Rutland to Whitehall, three miles east of Castleton village in the north part of Ira, containing 200 acres well calculated for a dairy or sheep. A good wood lot, and a sugar orchard of 500 trees, a good cedar lot in West Rutland, also a wood lot near Clarenden Sorines, t. nether, with two lorses, 7 cows, 10 calves, 250 sheep. For further particulars inquire on the premises of 6-tf Ira, Feb. 1st, 1840. O. II. ROUND.

The Cause of Bilious Complaints and a Mode of Cure.

A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion, and keeps the intestinal canal free from all obstructions. On the inferior surface of the liver is a peculiar bladder, in which the bile is first preserved, being formed by the liver from the blood. Thence it passes into the stomach and intestines, and regulates the direction. Thus we see when there is a deficiency of bile, the body is constantly construct. On the other hand an overshundance of bile causes frequent, and hand an overabundance of hile causes frequent' mu-sea in the stomach, and often promotes very severe attacks of disease, which sometimes eads in death. Fevers are always preceded by symptoms of a dis-

ordered stomach; as are also ecrofulous disorders, and at sympathetic functional organic or febrile discuses. From the same cause, the natural and healthy action of the heart, and the whole vascular system is impair-

this state happens to be united with any other symptoms of disease, its effects are always thereby much aggravated. The progress of organic obstruction is often so rapid as scarcely to admit of time for the application of such aid as is to be offered by art. yet, in peneral, the premonitory symptoms of gustric load at reperceptible for a day or two previous to the fev-erish paroxysm, a period, when the most efficacious assistance may be given, by indoading the stomach and alimentary canal of its irritating contents, and

thus reducing the susceptibility of disease.

Moffat's Life Medic ness should always be taken in
the early stages of bilious complaints; and if persevered in strictly according to the directions, will positively effect a cure

The mineral medicines often prescribed in these diseases, although they may effect a temporary cure, at the same time create an unleadily state of the blood, and consequently tend to promote a retain of the very disease which they are employed to cure s then by the use of pargatives, exclusively form of regetable compounds, which, possessing with inselves no deleterious agracies, which decompo-on, combination or allecation can develope or stion, combination or alleration can develope or bring into action, and therefore capable of producing no effect, save that which is desired—that a safe rem-

no effect, sive that which is desired—that a see reached is found.

The Life Pills and Phomix Bitters have proved to be the most happy in their effects in cases of Indious diseases, of any purely vegetable preparation erectoffered to the public. If the stomach is foul they cleanse it by earning it to throw of its costs; if not they pass to the duodenum without exciting xunning or margin in the stomach, stimulating the neighboring sincers, as the liver and planers, so is to produce a more copious flow of their secretions into the intestines; stimulating the exhibitent capillarios, terminating in the inner cost, which an incremed flow of the ting in the inner cost, which an incremed flow of the useless particles of the body, Greign matters, or re-

Fever and Ague. To my friends in the West, and particularly those the have used the Life Medicines in frestment of

who have used the Life Medicines in freatment of Fever and Ague.

It is but a very short time since these medicines have been introduced into the fever and ague districts and the proprietor flatters himself that during that period, wherever they have been used according to

period, wherever they have been used according to the directions, they have done more towards exter-minating the discase, than all other remedies c d prescriptions combined. It is a common excuse a mong "regular practitioners" when specificaire in troduced, that they cannot cure discasse which per-ple are in the habit of considering incurable. Mediple are in the halot of considering occurate. Medi-cal experience is continually doing away a part of the list of the incurable diseases, and Mr. Moffat har the happiness of confidently announcing that feve and ague is now to be added to the number of comp plaints which medern said his conquered.

In Fever and Aque the Life Medicines not only

give quicker relial than any other remedy, but a persevered in effect a preminent cure, so that if the parient is only and marrly carrelat and resorts direct to be medically carrelat and resorts direct patient teamly and intelly careful and resorts directly to his medicage upon the first examplian of tendes, cy to a new attack, it may always be warded off. To

Iny of all acquainted with them and their applies a I am about to remove to Burlington, and would wish and not in the fever and ague; and his object lean to an agency, &c, SR LUTHER and respectively and the series and disconnecting their experience and disconnecting this highly interesting information, now that the senson for fever and ague has arrived.

JEW DAVID'S

OR

HERREW DIASTED

Moffat's Life Pills and Phenix Bitters.

The universal estimation in which the celebrated Pills and Phenix Bitters are held, is satisfactorily demonstrated by the increasing demand for them in every state and section of the Union, and by the which are everywhere effected. It is not less from a deeply grativing confidence that they are the rotains of excessive and nestionable good among his afflicted fellow creatures, than from interested considerations s Plaster is unrivalled for caring Scrotulous that the proprietor of these pte eminently successful ongs, Scarvey Sores, Lame Back and Fresh order is a given the sides, hips, and limbs, and in fails to give relief in local Rheumatisms box and bette is a guarantee that some persons will ited to the side, it will cure many of the box and bette is a guarantee that some persons will non Liver Complaints; and is equal, if not some persons will be releved from a greater or less degree of suffering to to any thing in use for corns on the The proprietor has never known or been informed of an instance in which they have failed of doing good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asth ma, nervous and billions headache contiveness, piles general debility, acrofulous swellings, and ulcers, scurvy, sait rheom, and all other chronic affections of the organs and membranes, they effect cures with thelps & Co., New York; and several droggests in Philadelphia: P.M. Cohen & Co., Charleston, B. C., Juhn F. Chark Baltimore; and by druggists energilly throughout the United States and Candra.

For sale in Rutland by DANILLS & BELL, AMES BARRETT, Jr. and at the Bookstore 161 y oc. cm. perspiration, and so relieve the system of febrile action and feculent obstructions, as to produce a most
delightful sense of convalescence in the morning;
and though the usual symptoms of a cold should par
tially return during the day, the repetition of a suitable dose at the next hour of bed time, will almost invariably effect permanent relief without further aid.
Their effect upon fevers of a more acute and syiolent
kind is not less sure and speedy if taken in proportionable quantity; and persons retiring to bed with in
flammators symptoms of the most alarming kind, will
awake with the gratifying consciousness that the
fierce enemy has been everthrown and can easily be
subdued. In the same way, visceral targescence the
long established, and visceral inflammations however long established, and visceral inflammations however critical will yield—The former to small the latter to large doses of the Life Pills; and so also hysterial affections, hypocondrism, rostlessness, and very many other varieties of the Neurotical class of diseases, yield to the efficacy of the Phenix Bitters Full di-rections for the use of these medicines and showing their distinctive applicability to different complaints accompany them; and they can be obtained wholes sale and retail at 375, Brodway, where numerous cers difficates of their unparalleled success are slivays open for inspection

The Resurrection or Persian Pills. Superior to the Hygean, Brandreth's Evans, Tomato, the Matchless (priced) Sanative, or any other Pills or Compound before the public, as certified to by Physicians and others. I et none

as certified to by Physicians and others. I et none condemn them until they try them and then we are certain they will not.

It is now a settled point with all who have used the Vegetable PERSIAN PHLES, that they are pre-eminently the best and most efficacions FAMILY MEDICINE that has yet been used in America If Every family could become acquainted with their Sovreign power over disease, they would keep them and be prepared with a sure KEMEDY to apply on

Soveregn power over disease, they would keep them and be prepared with a sure REMEDY to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well the lives of thonands who are burried out of time by neglecting disease in its first stages, or by not been in possession of a remedy which they can place dependence upon.

THE RESURRECTION OR PER-SIAN PH.L.S. The name of these pills originated from the circumstance of the medicine being only found in the cemetries of Pareia. This vegetable production being of a peculiar kind, led to experiments as to its medical qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this signs From the same cause, the natural and healthy action of the heart, and the whole vascular system is impaired and reduced below its natural standard, as exhibited in palpitations. languid pulse, torpors of the limbs syncope, and even death itself, in consequence of an overabundance of a poculiar offensive substance to the digestive organs.

The approach to billious disearce is at all times attended by decided symptoms of an existing disease and state of the stomach and howels, i. e. with those signs which are known to point out their contents to be of a morbid irritating nature; but whenever the alimentary canal happens to be localled with irritating matter, some derangement of the healthy operation, either of the general system or of some particular simported from Dura Baca, in the East 1a dies, and formed into pills. The admirable effects of this companid upon the human system led physicians and families into its general use. Their long estantise delergent and cleansing qualities of their specific cal action open the glandular part of the system, are organ of the body is the certain result is and when organ of the body is the certain result is impaired diseases of that country. The extract of this singuation of an extablished medicine for the diseases of that country. The catract of the stract country. The catract of the stract country. The catract of the stract country. The catract of the scarce is made and used by many celebrated physicians in curing diseases, where all other medicine was not in the year 1793, and used by many celebrated physicians in curing diseases, where all other medicine for the diseases of that country. The catract of Europe in the year 1733, and used by many celebrated physicians in curing diseases, where all other medicine for the diseases of that country. The catract of Europe in the year 1733, and used by many celebrated physicians in curing diseases, where all other medicine for the diseases of that country. The catract of Europe in the year 1733, and used by many celebrated physic the American Republic.

in the American Republic.

To E. Chase, & Co.

Gent. Sirs;—This is to inform you that we have used your Persian vegetable Pills for a year past, in our practice, and are well pleased with their operation. Believing them to Infit their advertisment in answering as a substitute where calomed is indicated, we can recommend them to the public.

Des BROWN M'KENZIE & HALSTEAD,

TO MOTHERS. 20 Messrs, E. Chase, & Ca -Gents - Hearing much said about the etarordinary use of the Resurrection or Persian Pills upon those about to become Mothers, were induced to make a trial of them was then the mother of 5 children, and had soffered the most tedious and exernessing pains during and after her confinement of each. She had tried every neans and taken much medicine, but found litt no relief. She commenced taking the Persian Pills shout three months before confinement (her health ing very poor about this length of time previous.) ind soon after was enabled by their use to the cares of a mother to her family until her afflicted with a hard, dry cough, and frequent, severe cramps, which the use of the pills entirely re before using half a box. It is with great confi before using half a box. It is with great confidence, that we advise all those about to become methers, to make use of the Persian Pills. All who have taken them in our neighborhood have got along in the same There does not appear to be half the danger of other difficulties setting in after confinement where these Pells are taken. We unitedly say let none neglect taking them, for they are in the reach of the poor, as well as the rich. We are train thankful that there is a remedy which females can easily procure which bids to lessen the world of suffering, which many o

them have to bear, and perhaps save the never of the sands which otherwise would be lost.

The peculiarities of this Themical Compoundre a owing to its extraordinary effects upon the animal fibre or nerves, ligaments and muscles, its virtues being carried by them to the immediate seat of disease or land and weakness.

However good any internal remedy may be, this as an external application, will prove a powerful anxiliary, in removing the disease and faciliating the cure in cases of local inflamation. Scrottlidous affections, King's Evil. Goot inflamantory, and Chronic Rheumatism, and in all places where seited pain exists.

King's Evil. Gost inflammatory, and Chronic Rhou-matism, and in all places where sented pain exists.

It has likewise been very beneficial in case of weakness, such as weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weakness. &c. No female subject to pain or weak-ness in the back or side, should be without it. Mar-ried ladies in delicate situations, find great relief from constantly wearing this plaster.

No puffing or great spread of certificates is intend-ed. Those who wish to satisfy themselves of the effi-cacy of this plaster can obtain a sufficient quantity to spread 6 or 18 for 50 ctst a sum not half sufficient, to

sprend Gor II for 50 cts' a sum not half sufficient, to pay for the insection of a single certificate into any of our most common prints a single time. This tripay for the insertion of a single certificate into any of our most common prints a single time. This tri-fling price per box, is placed upon it in order that it may be within the means of every afflicted person of the community, that all, whether rich or poor may obtain the treasure of health, which results from it.

re per box, 50 cts. Directions accompanying Remedy for Thrush, Canker, and Nursing Sore Mouth.

Thousande, both old and young but especially moth ers and infants, are every year consigned to the tom by the above stabbara diseases. The misunderstandly ing and ignorance of most practiceing physicians in regard to this disease, and the consequent uncertain-ty of cure from their prescriptions, is a subject of common remark among all those who have suffered from the disease, or who have witnessed the suffer-

ings of others

Many are the cures we have witnessed performed withrie medicines, in the worst stages of Thresh-lanker and Nursing Sore Mouth, even where the paat had been given over by a number of the most

talented physicians.

We present this compound thus confidently because we know it is only to be tested, to be appreci-

The Indian Vegetable Pills, ARE a pargative medicine so justly balanced, and withal so natural to the constitution, that they cannot possibly injure even the most delicate; at the same time, if used in such a manner as to produce free evacuations by the bewels, it is absolutely impossible for pain or distress of any kind to continue long in the body. The reason is plain; they cleanse the system of those humors which are opposed to health, and therefore inva-lids may use them with a certainty of always ob-

taining relief, and persevering in the use of them, with an equal certainty of being cured.

In all disordered motions of the Blood, called Intermittent, Remittent, Nervous, Inflammatory and Putrid fevers, the Indian Vegetable Pills will be found a certain remedy, because they cleanse the stomach and bowels of all bilious matter, and purify the blood; consequently, as they remove the cause of every kind of disease, they are absolutely sure to cure every kind of fever. So also when morbid humours are deposited upon the membrane and muscle, causing those pains, inflammations and swellings, called Rheumatism Gout, &c , the Indian Vegetable Pills may be relied upon as always certain to give relief, and if persevered with, will most assuredly, and without fail, make a perfect cure of the above painful maladies. From three to six of said Indian Vegetable Pills, taken every night on going to bed, will in a short time, completely rid the body of all morbid and correct

all morbid and corrupt humours; and Rheumaism, gout, and pain of every description, will disappear as if by magic. For the same reason, when, from sudden changes in the atmosphere, or any other cause, the perspiration is checked, and those humors which should pass off by the skin, are thrown inwards, causing headace, nausea and sickness, pains in the bones, watery and inflamed eyes, sore throat, hoarseness, coughs, consumption, rheumatic pains in various parts of the body, and many oth-er symptoms of catching cold, the Indian Veget-able Pills will invariably give immediate relief. Three or four pills taken at night on going to bed and repeated a few time-, will remove all the bed, and repeated a few times, will remove all the unpleasant symptoms and restore the body to even sounder health than it was before. The same may be said of Difficulty of Breating or Asthma. The Indian Vegetable Pills will loosen

and carry off by the stomach and howels those tough philegmy humors which stop up the air cells of the lungs, and are the cause of the above dreadful complaint.

It should also be remembered that the Indian Vegetable tills are co-tain to remove pain in the wide, onnression, nances and sickness

petite, costiveness, a yellow tinge of the ski and eyes and every other symptom of Liver com corrupt and stagnant humars which, when de posited upon the liver, re the cames of the above darge ous complaint. They are also a certain preventative of Apoplexy and sudden death; be-cau e they carry off those humors which, obstructing the circulation, are the causes of a rush, or determination of blood to the head-giddiness esp-cially on turning suddenly round-blindness -drowsiness-loss of memory-inflammation of the brain-insanity and every other disorder of the mind. One word to the Sedentary! Thos who labor within doors should remember that they frequently breathe on atmosphere which is wholly unfit for the proper expansion of the lange and at the same time, owing to want of exercise the bowels are not sufficiently evocuated-the blood becomes impure, and headache, indiges-tion, palpitation of the heart, and many other disble symptoms are sure to follow

The Indian Vegetable Pills being a cleanser - f of the stomach and howels, and a direct purifier of the blood, are certain not only to rem we pain or distress of every kind from the body, but it used occasionally, so as to keep the body free from those humors which are the cause of every malany under heaven, they will most assuredly promote such a just and equal circulation of the blood, that those who lead a sadentary life will be enabled to enjoy sound health, and disease of any kind will be absolutely impossible.
